¹ Illustrated in accompanying issue of *Orchid Review* 111(1250), (Mar. 2003), and in *Die Orchidee* 53(5): 655 [127] (Dec. 2002). *Phal. minus* was awarded a CBR/AOS 28th Sept. 2002. See *Phalaenopsis Journal* 12:40-41, 43 (Fall 2002) for cultivation details.

² Illustrated in accompanying issue of *Orchid Review* 111(1250), (Mar. 2003).

³ Appears in *Index Kewensis* as: *Cymbidium* X *hagoromo* Hiroe. *Orchid Flowers*, 2: 39 (1971), without latin descr. or type. (*Cym.* “*crispum*” x *tigrinum* ?var.). This is a grex name rather than a species and is included for reference.

⁴ Japanese Minuet a *Cymbidium* grex produced in Japan by Seiko Ikeda about 1950 and so named for its resemblance to *Cym.* Minuet. (*Cym.* Minuet is a grex of Western origin which was registered as *pumilum* x *insigne*). One parent of Japanese Minuet was known to be *Cym.* *pumilum* (= *Cym.* *floribundum*). See Nagano, Y. (1955) Miniature Cymbidiums in Japan. *Amer. Orch. Soc. Bull.* 24: 735-734.

⁵ Appears in *Index Kewensis* as *Cym.* X *shuho* Hiroe. *Orchid Flowers*, 2: 39 (1971), without latin descr. or type. (*Cym.* “*harrisianum*” x *insigne* ? var.). This is a grex name rather than a species and is included here for reference.

⁶ Attributed to Hashimoto (“early 1980’s”) in Christenson, *The genus Phalaenopsis* (2001): 57, 322;

*New or new to registration, intergeneric hybrid genus with abbreviation (in square brackets after the genus name) for the following combinations. The botanical authority follows each component genus.

Fredclarkeara [Fdk.] F.W.Clarke & J.M.H.Shaw **nothogen. nov.** = *Catasetum* Rich. ex Kunth x *Clowesia* Lindl. x *Mormodes* Lindl. (br-gp 6);

Phalaenidium [Phd.] Garay & H.R.Sweet in Withner, *The Orchids, Scientific Studies*: 531 (1974) = *Kingidium* P.F.Hunt x *Phalaenopsis* Bl. (br-gp 9), attributed to Hashimoto (“early 1980’s”) *ined.* in Christenson, *The genus Phalaenopsis* (2001): 57, 322;

Roellkeara [Rlk.] J.M.H.Shaw **nothogen. nov.** = *Aganisia* Lindl. x *Bollea* Rchb.f. x *Zygopetalum* Hook. (br-gp 6); published to accommodate an unregistered plant illustrated in *Die Orchidee* 49(2): 74 (1998), where it appears as “Hybride n. r. ‘Hann. Munden’ (*Acacallis hoehnei* x *Bollopetalum* n. r.)”, [*Acacallis hoehnei* is a synonym of *Aganisia cyanea*; n. r. means unregistered]. The name respectfully honours the well known German orchid authority Herr. Gerd Röllke, particularly in appreciation for his contribution to ORAC (now APOR).

Spiessara [Sps.] J.M.H.Shaw **nothogen. nov.** = *Arachnis* Bl. x *Paraphalaenopsis* A.D.Hawkes x *Renanthera* Lour. x *Vandopsis* Pfitzer. (Br-gp. 9) Named for Simone Spiess of Merritt Island, Florida. This nothogenus accommodates grexes formerly placed under *Edeara* [Edr.], now that *Paraphalaenopsis* is recognised for registration as distinct from *Phalaenopsis*.

¶ Species appearing for the first time as parents in registration: ***Dendrobium mayandii*** T.M.Reeve & Renz; ***Den. shiraishii*** Yukawa Nishida (syn. *Den. macrophyllum* ‘variety 3’ sensu van Bodegom); ***Epidendrum***

cnemidophorum Lindl.; *Kingidium braceanum* (J.D.Hook.) Seidenf. (syn. *Phal. braceana* (J.D.Hook.) Christenson); *Kingidium minus* Siedenf. (syn. *Phal. minus* (Siedenf.) Christenson); *Miltonia moreliana* A.Rich. See note below; *Phalaenopsis hainanensis* Tang & Wang; *Phal. hieroglyphica* (Rchb.f.) Sweet (syn. *Phal. lueddemanniana* var. *hieroglyphica* Rchb.f.); *Schomburgkia schultzei* Schltr.

CORRECTIONS

Brassolaeliocattleya Reflexión en Primavera was registered as *Reflexión en Premier* by error. Please correct the entry appearing in *Orch. Rev. Suppl.* 110(1245): 35 (May 2002) and 110(1247): 84 (Sept. 2002).

Clarkeara Mission Accomplished was listed with the incorrect pollen parent by error. Please correct the entry in *Orch. Rev. Suppl.* 110(1247): 76 (Sept. 2002) to read *Iwanagaara* Appleblossom in place of *Rdcm.* Apple Blossom.

Cymbidium Magic Harbor was registered by error as *Cym.* Magic Marbor. Please correct the entry in *SLOH 8th Addendum 1999-2001* p. 142 and in *Orch. Rev.* 107(1228): 246 (July 1999).

Gomadachtia was published as a new nothogenus in *Orch. Rev. Suppl.* 110(1248): 108 (Nov. 2002). Please note that one of the component genera is *Gomesa* R.Br., not “*Gomesia*” as published.

Grexes attributed to Klehm Growers.

The registrant/originator abbreviation Klehm Growers applies to Arnold J. Klehm Gower Inc. However the grexes so designated have been produced personally by Arnold J. Klehm rather than by members of his staff. In recognition of this, A. J. Klehm has requested that all grexes attributed to Klehm Growers be reassigned to Arnold J. Klehm as sole originator and registrant. In accord with his request the registration data base has been modified to indicate that fact.

Phalaenopsis Artquake was published in *Orch. Rev. Suppl.* 110(1248): 105 (Nov. 2002), with the incorrect seed parent, *Phal.* Sweet Memory. Please change this to read *Phal.* Sweet Mystery.

Porovallia Clare Cangiolosi was published in *Orch. Rev. Suppl.* 110(1248): 107 (Nov. 2002) with an error in the seed parent genus, which should read *Prgm.* and not *Pvla.* Similarly, in the list of species new to registration on p. 109 *Poroglossum* should be changed to read *Porroglossum.*

Nothogenera including *Paraphalaenopsis* as a component - corrections.

Edeara. [Edr.] = *Arachnis* x *Phalaenopsis* x *Renanthera* x *Vandopsis*. This genus was overlooked in the review and a new genus *Spiessara* [Sps.] is proposed above to accommodate grexes which are derived from *Arachnis* x *Paraphalaenopsis* x *Renanthera* x *Vandopsis*.

Parandachnis. Unfortunately in *Orch. Rev. Suppl.* 111(1249): 13 (Jan. 2003) under the entry for the hybrid genus *Parandachnis*, the component genus *Vanda* was omitted. The correct version may be found in *Orch. Rev. Suppl.* 110(1248): 109 (Nov. 2002).

***Paraottis* verses *Parottis*.**

Due to an error in data entry the nothogenus *Paraottis*, appeared as *Parottis* in *Orch. Rev. Suppl.* 111(1249): 14 (Jan. 2003). The correct orthography is as originally published in *Orch. Rev. Suppl.* 110(1248): 109 (Nov. 2002).

REGISTRAR'S NOTES

Iwanagara* corrected to *Iwanagaara

The nothogeneric name *Iwanagara* was published with that spelling in *Orchid Review* 68(804): 223 (June 1960) by E. Iwanaga & M. Wreford for hybrids involving *Brassavola* x *Cattleya* x *Diacrium* x *Laelia*. According to ICBN Art. H.6.4 nothogeneric names of such hybrids are formed by the addition of the suffix -ara to the name of a person. There is no provision in this article to delete or add a vowel between the personal name and the termination -ara. Consequently the form *Iwanagara* is outside the limits allowed by the article and must be corrected to *Iwanagaara*. The registration database has been amended accordingly.

***Laelia caulescens*, *L. crispilabia* and *L. mantiqueirae*.**

The data base has been amended to place *Laelia crispilabia* A.Rich. ex Warner, *Sel. Orch. Pl.* 2: t.6 (1865) and *L. mantiqueirae* Pabst ex D.C.Zappi in *Kew Bull.* 50: 424 (1995) in synonymy under *Laelia caulescens* (Lindl.) in *Bot. Reg.* 27 sub t.1 (1841). This has resulted in a change of registered parent for the 6 grexes previously registered with *L. mantiqueirae* as a parent. This synonymy follows Van den Berg & Chase in *Lindleyana* 15(2): 116 (2000).

***Miltonia moreliana* A.Rich. separated from *Milt. spectabilis* Lindl.**

In *Lindleyana* 17(3): 122-129 (Sept. 2002) data are presented in favour of recognising *Milt. moreliana* at specific rank; formerly it has been treated as *Milt. spectabilis* var. *moreliana*. In line with this the following grexes that were registered with *Milt. spectabilis* var. *moreliana* as a parent will now be listed with *Milt. moreliana* as a parent.

<i>Miltonia</i> Honolulu Spectacular	<i>Odontonia</i> John Fancher
<i>Miltonia</i> Takatsu	<i>Odontonia</i> Marie Elle
<i>Miltassia</i> Ophelia	<i>Odontonia</i> Royal Robes
<i>Miltonidium</i> Rosa Ballerina	<i>Vuylstekeara</i> Gosford
<i>Odontonia</i> Elisabeth Baumann	<i>Vuylstekeara</i> Shirley Baker

***Paphiopedilum liltii* - a request for information.**

Enquiries have been received concerning this name, which is unknown to both the registrar and Phillip Cribb at Kew. Anyone who can supply a reference for this name or explain its application is invited to e-mail the registrar.

Rhyncholaeliocattleya [Rlc.] H.G.Jones in *Orch. Rev.* 66(785): 247 (Nov. 1958) = *Cattleya* Lindl. x *Rhyncholaelia* Schltr. (brgp 7). A previously overlooked nothogenus, omitted from the *Handbook*, that came to light while searching for another reference is noted here. Currently it has not taken up for registration, but would be used if *Rhyncholaelia* Schltr. is accepted.

New feature in *Orchid Review*: Registered hybrids of special interest.

Requests to view pictures of the more unusual orchid hybrids are fairly frequently received at the registration office. After registration the slides are sorted and eventually stored at the Wisley herbarium, where they can be examined by appointment. They are also available for loan from the Keeper of the Herbarium. After discussions with Isobyl La Croix, the editor of the *Orchid Review*, it was decided to introduce a new regular feature in which a few of the more interesting new hybrids would be illustrated in colour, provided that good quality colour images are available. This issue commences with a *Phragmipaphium* and *Doridium*.

1999-2001 Addendum to Sanders List - Now Available

This triennial Addendum has been published by the RHS in November 2002 and retails at £45. It is available from RHS Enterprises, RHS Garden, Wisley, Woking, Surrey GU23 6QB, UK. (Tel. 01483 211320, Fax. 01483 212447, E-mail: mailorder@rhs.org.uk). The AOS Bookstore, Australian Orchid Foundation and Yoshitaka Ueda in Japan also have supplies available. It is not available from the Registration Office.

As this print run is about to sell out at the time of writing, the RHS is considering a second print run. Any Nursery or Society wishing to purchase copies, minimum of 50 at wholesale rates, should place an order immediately with the RHS Publisher (susannem@rhs.org.uk), 80 Vincent Square, London SW1P 2PE, UK, in order that the size of the print run may be gauged accurately.

Julian M. H. Shaw, RHS International Orchid Registrar.
